## GOSPEL REFLECTION...In One Ear

"In one ear and out of the other," is an expression that could be applied to most of us, for at least some of the time. Today's gospel is about the difference between simply hearing something and really listening. Jesus uses the parable of the sower and the seeds to illustrate the

different ways in which God's word can be received ..... or not!

The parable of the sower and the seeds is clearly challenging us to be better prepared to receive the seed of the gospel. It is all too easy for us to go through the motions of listening when really not much is going on between our ears at all. The Bible is a treasure trove of inspiration but because it was written such a long time ago in words that aren't always easily understood we are often inclined to switch off. Do we come to church expecting to be bored by the readings or confused and indifferent before one word is even read? How different things might be if we allowed God's Word to impact our lives. Listening is more than just opening our ears. Listening is about studying, learning, understanding ... and most importantly, turning that understanding into action.

**OUTDOOR COLLECTION** this week-end is in aid of **Greenhills Variety Group.**

**THANK YOU** - Philip & Audrey Kedney wish to say a sincere thank you to all who contributed so generously to their recent Churchgate collection. The amount raised was €720 and will go in its entirety to Our Lady's Hospice.
